Section 6-3-8 of the City Code states...Before being issued a permit, the applicant shall circulate a petition among all those households located within three hundred feet (300') of the applicant's property. The list of residences shall be obtained from the City of Twin Falls Code Enforcement Department. The petition shall state the number and type(s) of animals the applicant wishes to keep and shall give the location of the property on which the applicant wishes to keep the animals.

The applicant must obtain an acknowledgment from every household within three hundred feet (300') whether the resident approves or disapproves of the application, and must receive approval of seventy five percent (75%) of the households located within three hundred feet (300') of this property before an animal permit will be issued. If the applicant is unable to obtain an acknowledgement from a household within three hundred feet (300'), the applicant may substitute a statement for the household excluded, explaining the attempts made to obtain the acknowledgement, and the results of those attempts.

The animal permit shall not be issued if acknowledgement and approval, as described above has not been met. (Passed by City Council 10/24/11)

I certify that the above signatures represent 100% acknowledgment of the household within three hundred feet (300') of the property on which I will maintain said animal(s) if my permit is granted.
