April 2021 Newsletter

Is it my imagination or is 2021 flying by at the speed of light? Hopefully, this means that we are heading toward returning to some level of normalcy in the near future. The traditional etymology for April comes from the verb *aperire*, "to open", in allusion to its being the season when trees and flowers begin to "open". In April, I am challenging everyone to be "open" to try new things. Let us help with unlocking your hidden potential.

"You miss 100% of the shots you never take."

-Wayne Gretzky
