# CITY OF TWIN FALLS FIRE DEPARTMENT 2021 ANNUAL REPORT

## **Our Mission**

*As the Professional Firefighters of Twin Falls, we are dedicated to the continued excellence of life safety, fire suppression, education, and community involvement. We affirm our loyalty to our members, our profession, and to the citizens we serve.*

Twin Falls Fire Department serves approximately 52,000 residents, covering 70 square miles in the City of Twin Falls and the Twin Falls Fire Protection District.

## Message from the Chief

It has been my privilege to serve as Fire Chief and work with the dedicated staff of the Twin Falls Fire Department. Again, this year COVID-19 tested our training, resources, and creativity. Our members persevered and adapted to constantly changing operational plans based on CDC and city policies guidelines. On behalf of all the members of the Twin Falls Fire Department (TFFD), I am honored to present our 2021 Annual Report.

As an organization, we pride ourselves on delivering a high level of core services such as Fire Prevention Education, Special Operations Rescue, Fire Protection/Suppression, Code Enforcement, and Emergency Medical Services. This past year we also continued to make strides towards strengthening interdepartmental relations and teamwork with the partners in our community to increase efficiencies and manage resources.

We will continue to embody the core values and collaborative culture that has built an organization dedicated to superior service and excellence. We are committed to our members, the residents, visitors, and business owners of our community. We are constantly striving to improve our level of service to this community while seeking to operate in a fiscally responsible manner. We are committed to standing ready to assist you in your time of need, day or night, with compassion, professionalism, respect, and dignity.

I want to offer our sincere appreciation to elected officials, city staff, community partners, and the citizens of Twin Falls for their assistance and support.

**Les Kenworthy**  
Fire Chief
