**Multiple Multi-story Buildings on a Site (Apartments, Condominiums, 4-Plexes, 6-Plexes, and Office Parks)**

- Numbering schema should be used for Apartments, Condominiums, 4-Plexes, 6-Plexes, and Office Parks where more than one, and up to nine buildings exist on the property. Properties with more than 10 buildings will be reviewed on a **case-by-case basis** by addressing staff.
- Prevents duplication of units on a property.
- Unit number identifies the building number, floor number, and apartment/suite number.
